Into the woods.

NovaBell affonda le radici della propria ricerca nella materia lignea, riemergendo con una superficie autentica e inconfondibile. Eiche è molto più di un legno ceramico e nasce dal desiderio di rappresentare lo spazio come luogo di comfort e accoglienza, un universo vivo, nel quale il design delle superfici e le loro performance sono funzionali al benessere quotidiano e alla dimensione di pura autenticità.

NovaBell's research digs deep into the substance and culture of wood, and emerges with a unique, authentic surface. Eiche is much more than a ceramic wood, and springs from the desire to represent space as a context for comfort and hospitality, a living universe, in which surfaces' design and performances are at the service of quality of daily life and convey a message of pure authenticity.

Les racines de NovaBell plongent dans sa recherche sur la matière bois, d'où elle fait surgir une surface authentique et incomparable. **Bien plus qu'un bois céramique, Eiche est né du désir de représenter l'espace comme un lieu de confort et d'accueil, un univers vivant dans lequel le design des surfaces et leurs performances sont partie prenante du bien-être quotidien et d'une dimension de pure authenticité.**

NovaBell hat sich mit der gestalterischen Wirkung von Holz beschäftigt und eine Kollektion mit einer naturnahen, unverwechselbaren Optik geschaffen. **Die Kollektion Eiche ist weitaus mehr als keramisches Holz, sie verleiht dem Raum eine komfortable, behagliche Atmosphäre. Ihr Design und ihre Leistungsmerkmale vermitteln Wohlgefühl im Alltag und den Eindruck von Authentizität.**

NovaBell hunde las raíces de su investigación en la materia lignaria y saca a la luz una superficie auténtica e inconfundible. **Eiche es mucho más que una madera cerámica. Nace del deseo de representar el espacio como lugar de confort y acogida, un universo vivo en el que el diseño de las superficies y sus prestaciones se ponen al servicio del bienestar cotidiano y de una dimensión de pura autenticidad.**

Тщательно изучив фактуру дерева, компания NovaBell создала плитку, максимально точно передающую его характер. **Eiche - это не просто имитирующая дерево керамическая плитка. Она позволяет проектировать уникальные, излучающие комфорт и гостеприимство интерьеры - живое пространство, в котором дизайн и функциональность декоративных поверхностей помогают повысить качество жизни, создавая ощущение единства с природой.**

Eiche est **un projet « ouvert »** : les surfaces créées pour l'intérieur sont parfaitement coordonnées à celles de l'extérieur, apportant ainsi de la fluidité aux espaces, et intensifiant la relation constante entre le dedans et le dehors.

Eiche ist ein so genanntes **offenes Konzept** und ermöglicht die Gestaltung perfekt aufeinander abgestimmter Innen- und Außenbereiche. Nahtlose Übergänge heben die Grenzen zwischen innen und außen auf.

Eiche es **un proyecto "abierto"**, las superficies creadas para el interior están perfectamente coordinadas con las pensadas para el exterior. Esta característica da fluidez a los espacios y alimenta una constante trabazón entre los ámbitos de dentro y de fuera.

Eiche — это **«открытый» проект**. Плитка, созданная для использования в помещениях, прекрасно сочетается с плиткой, предназначенной для наружной отделки. Такой подход стирает границы между пространством внутри дома и за его пределами.
