TIMELESS ELEGANCE

# TREVI

Gres porcellanato effetto travertino  
*Travertine effect stoneware*

Trevi si ispira all'eleganza del travertino, pietra nobile che intreccia le proprie origini con quelle dell'antica architettura classica. Destinata a interni moderni e ambienti commerciali di pregio, in cui lo stile classico della pietra naturale si unisce a una palette colori chiara e delicata.

*The porcelain stoneware of Trevi collection is inspired by the elegance of travertine, a noble stone intertwining its origins with those of ancient Roman architecture. Designed for modern interiors and luxury commercial environments, where the classic style of natural stone merges with a light and delicate color palette.*
