technology design innovation

Technology drives our process, empowering us to craft floors with precision and durability through cutting-edge manufacturing techniques.

Design is our passion, inspired by global trends to deliver flooring that enhances every interior with timeless beauty and contemporary style.

reddot winner 2024

Innovation fuels our vision, pushing boundaries to develop sustainable, groundbreaking solutions that meet the evolving needs of modern spaces.

By seamlessly blending these elements, we don't just create flooring; we create opportunities to transform spaces into extraordinary environments.

With **Arbiton**, every step is a step into the future.

AWARD-WINNING INNOVATION:

THE ACULAY ACOUSTIC LAYER

now available in more collections

At the heart of our HD Mineral Core® flooring lies the groundbreaking Aculay Acoustic Layer, winner of the prestigious RedDot Design Award 2024.

This advanced technology redefines acoustic insulation, reducing noise levels by up to 21 dB (10 dB ΔLin) and delivering an unparalleled sense of comfort and tranquillity in any space. Certified by TFI Aachen Institute, this system diminishes noise intensity by four times, setting a new benchmark in flooring performance.

Now, the exceptional benefits of Aculay are available across an expanded range of collections. Whether you prefer the timeless elegance of the Herringbone pattern or the contemporary sophistication of the Forma collection, inspired by ceramic tiles, you can enjoy both design versatility and outstanding acoustic comfort in one.

HD MINERAL CORE®

Through innovative research in our laboratories, we have engineered the **HD Mineral Core**®, a state-of-the-art blend of natural rock minerals and sophisticated polymers. This precision-engineered mix **ensures the flooring's peak performance and unparalleled durability**. Proudly, our **HD Mineral Core**® stands out for its absence of phthalates and any plasticizers, highlighting our commitment to environmental safety and quality.

BENEFITS OF HD MINERAL CORE®

FLOOR
HEATING

THE PERFECT FLOOR FOR UNDERFLOOR HEATING

With very low thermal resistance, our floors ensure the most effective use of underfloor heating systems. Thanks to the innovative **HD Mineral Core®**, less fuel is required for floor heating. Efficient heating starts with the right flooring—choose our high-conductivity solution for exceptional performance and sustainability.

DIMENSIONAL
STABILITY

OUR DIMENSIONALLY STABLE FLOORING

is designed to withstand daily wear and tear, year after year. Invest in long-lasting quality with our stable and durable flooring option. Prevent gaps and buckling for a seamless look.

PAW-SITIVELY PERFECT FOR PETS

Flooring built to withstand life's scratches

This innovative technology ensures that our floors maintain their pristine appearance longer, offering peace of mind and sustained beauty in **high-traffic areas**. And, for those who share their home with four-legged friends, rest easy—our flooring can handle even the most enthusiastic and playful scratches. With **Arbiton**, you choose flooring that combines the ultimate in design trends with robust performance, making it a paw-sitively perfect choice for pet owners.

ANTI-SCRATCH

At Arbiton, we are committed to providing products that stand the test of time. Our **ANTISCRATCH TITANIUM NANO LAYER** is a testament to this commitment. This special coating layer is designed to offer unparalleled protection against scratches. Advanced titanium nano technology embedded within the layer enhances its durability, making it 30% more resistant to scratches compared to other vinyl flooring panels available on the market.

PET-FRIENDLY & WATERPROOF

Whether it's muddy paws, water spills from pet bowls, or the occasional mess, our flooring is **100% waterproof, protecting it against stains and moisture.** This makes it the perfect solution for pet owners who want beautiful, worry-free floors that stand the test of time – and pets.

Life with pets can be full of joy – but also a bit messy. That's why our flooring is designed to make your home more pet-friendly while keeping it spotless and healthy.

EASY TO CLEAN & ALLERGY-FRIENDLY

ALLERGY-FRIENDLY

EASY TO CLEAN

Our flooring helps create a healthier environment for you and your furry friends.

Easy-to-Clean Surface: The smooth surface makes cleaning effortless, helping to remove dust, dirt, and pet dander quickly. This makes it easier to keep your home fresh and free from allergens.

Allergy-Friendly Properties: Regular cleaning of the floor helps reduce the accumulation of allergens like dust mites and pet fur, contributing to a cleaner and healthier living space.

Discover the Timeless Elegance: Oak Forest-Inspired HD Mineral Core® Vinyl Flooring

Embark on a journey through the ancient forests of Europe with our latest HD Mineral Core® vinyl flooring designs. Inspired by the majestic oak forests that have stood the test of time, our flooring encapsulates the rich heritage and natural beauty of these pristine woodlands.

Crafted with meticulous attention to detail and featuring an HD Mineral Core® for enhanced durability, each piece is a testament to the enduring legacy of European oak. From the intricate grain patterns to the earthy hues, every element is carefully curated to evoke the serene ambiance of the forest floor.

OAK-INSPIRED FLOORING MASTERY

A DESIGN STUDIO

Whether you envision a rustic retreat or a modern sanctuary, our oak forest-inspired HD Mineral Core® vinyl flooring offers versatility and sophistication to any space.

Elevate your interior design with the timeless elegance of nature's masterpiece. Experience the essence of centuries-old charm with our Oak Forest-Inspired HD Mineral Core® Vinyl Flooring. Redefine luxury, redefine your space.

One color, flowing across plank, chevron, and herringbone.
Seamless harmony in three timeless patterns.

TRANSFORM YOUR HOME

WITH THE POWER OF CONSISTENCY AND VERSATILITY

With **8 colors available across 3 distinct collections**, you can now achieve seamless harmony throughout your interior, no matter the style.

Choose from the timeless elegance of the **Amaron Wood** collection with its classic 1.5 m planks, the dynamic sophistication of the **Amaron Herringbone** collection, or the bold, geometric appeal of the **Amaron Chevron** collection. **Each pattern brings its own unique character to your space**, yet all share the same beautifully crafted color palette, allowing you to mix and match effortlessly.

Imagine the possibilities – a sleek, uniform living area complemented by a striking chevron pattern in the hallway or an intricate herringbone design in your study. By keeping the color consistent, you maintain a cohesive flow throughout your home while enjoying the creative freedom to express your individual style.

Arbiton offers not just flooring but a complete interior design solution – versatile, stylish, and perfectly tailored to modern living.

**FLOOR LOCKING 5G
TECHNOLOGY**

AMARON CHEVRON

The Amaron Chevron collection is revolutionizing the flooring industry with its **cutting-edge 5G click technology**. This pioneering innovation guarantees an effortless and smooth installation experience, setting a new standard for convenience and efficiency. Unlike the complicated and time-consuming traditional methods typically required for intricate chevron patterns, the **5G click technology** simplifies the process dramatically. This technology not only speeds up installation but also ensures a flawless alignment and secure locking of the flooring panels, enhancing both the aesthetic appeal and durability of the flooring. Amaron Chevron's commitment to innovation provides customers with a high-quality, stress-free solution for achieving the elegant look of chevron flooring without the usual complexities.

**FIRST 5G CROSS
MADE IN EUROPE!**

AMARON FORMA

For this collection, we employ a revolutionary locking system specifically designed for ceramic-style flooring, enhancing the ease and precision of installation. The **innovative 5G Cross Lock technology**, featuring a **unique cross-shaped mechanism**, securely locks four panels in place, ensuring they remain perfectly aligned in a rectangular pattern set in a straight configuration. This advanced design significantly increases the overall strength, resilience, and durability of the flooring, preventing any shifting of the panels. The result is a flawless ceramic floor effect, achieved with the utmost simplicity and without the need for grout. This system not only simplifies the installation process but also elevates the integrity and longevity of the flooring, providing an elegant, maintenance-free solution that is ideal for modern living spaces.

Our collection introduces a special Pin feature that allows for the effortless removal of a single panel from the entire row. This addition to the **innovative 5G Cross Lock technology** enhances the functionality and flexibility of our ceramic design flooring. With this feature, you can easily replace or access a specific panel without disturbing the surrounding setup, making maintenance and updates remarkably straightforward. This thoughtful design element ensures that our flooring system not only delivers aesthetic excellence and durability but also offers practical benefits that accommodate the dynamic needs of everyday use.

REAL TILES MORE THAN JUST CERAMIC

Distribuitor în Romania – Gada Ceramic București, Str. Vlad Județu 48
Website: www.gadaceramic.ro

Explore the diversity of our collections: Amaron focuses on design, offering a wide range of formats and décors, while Woodric provides a broad spectrum of colors in the classic plank format.

AMARON WOOD

Explore Amaron Wood: our bestselling collection featuring 1.5-meter planks that beautifully blend tradition and innovation.

AMARON HERRINGBONE

Discover Amaron Herringbone: a classic style redefined with an impressive selection of 16 colors to customize your space.

AMARON CHEVRON

Discover Amaron Chevron: a novel and unique design previously exclusive to wood, now reimaged in our latest collection.

WOODRIC

Woodric offers a stunning selection of **24 colors**, providing a wide variety to choose from. Among these, 12 colors feature a soft texture, while the other 12 boast the exquisite EIR finish. 12 EIR designs are enriched with deep embossing to resemble natural wood board in the most honest way. Embossed in register technology allows the creation of indentations on the board that form unique wood patterns. All these premium visual and tactile features come with the well-known durability of **HD Mineral Core®** technology.

MULTIPROTEC VINYL CLICK ACOUSTIC

STEP 1

Vapour barrier foil (SD150m) protects against moisture and features a system of adhesive tapes that secure against movement of the underlay

STEP 2

It enhances heating efficiency due to its high thermal insulation parameter; high compressive strength CS=500 kPa allows for the use of click vinyl, and thanks to its 5 mm thickness, it's possible to conceal cables connecting the heating films.

STEP 3

Protects the heating film from mechanical damage thanks to the soft non-woven fabric, additionally secures the system against moisture penetration from above. Easy connection due to the integrated tape.

**THE TOTAL THICKNESS
OF THE **COMPLETE
SYSTEM IS 10 MM****
(including floor).
